University

OBJECTIVE

I am an Architect, Eager to learn and expand my technical expertise in Field work and Computer software. I am focused on my objective which is to have a platform to not only groom or challenge myself but to be able to vision a better version of myself & become one of the best architects out there who has a firm grip on providing best quality work.

RESUME SUMMARY

- **Customer service:** Retained most new clients among team
- **Achiever:** Most of my blueprints adopted for project execution
- **Quality Control:** Participated in many on-site visits

PROFESSIONAL EXPERIENCE

JUNIOR ARCHITECT

MKDNB (ILFORD, UK) / December 2021 — MARCH 2022

- Prepared 25 scale drawings of planned developments using computer-aided design software
- Drafted detailed information on design, structural specifications, materials, of new buildings
